Q1°. 806.

Yesterday arrived one of the Mails due from Holland.

ACCORDING to Letters of the 10th Instant O. S. from Hamburgh, 'tis given out, that the Marriage of the Princess Royal of Poland to the King of the Two Sicilies, has given Occasion to a particular Treaty between the Courts of Vienna, Madrid and Naples, and that in March or April next an Ambassador is expected at Vienna from Naples, to put the last Hand to it, in Conjunction with the Ministers of Spain and the Emperor, and to settle Succours that are to be furnished by the Courts of Madrid and Naples, in the War against the Turks.

Letters of the 27th ult. O. S. from Madrid say, the King of Spain has sent an Order to Cadiz, to release the three English Ships taken some time ago in the Mediterranean, on Pretence that there were certain Turks on board with their Effects; and that his Majesty has also sent Orders to the Havanna to release another English Ship, on Security given to pay the Value in case it appears that she was taken as carrying on a contraband Trade. The Governor of Porto Rico has been condemned to pay a Fine of 200 Pieces of Eight, for delaying to acquaint the Court that a Guarda Costa had brought in an English Prize thither; and Orders are sent to the West Indies, to recommend to the Governors to conform punctually to the Treaties between Spain, England and Holland.

Those of the same Date from Leghorn say, that the Baron Theodore having written to the Leaders of the Corsicans to inform them of the Embarkation preparing in France in Favour of the Genoese, and of the Reports, that as soon as the said Succours arrived in the Island, the Malecontents would accept of the Conditions that were to be proposed to them; and having added, that it was incumbent on them maturely to consider what they had to do in case that France actually sent Troops thither; that if they were to return under the Dominion of the Genoese, he should pity their Fate; but that on the contrary they would persist in their Resolution to defend their Liberty, he would effectually support them with all his Forces. The Corsican Leaders returned him the following Answer.

Extract from the Registers of the Assembly of the Corsicans.

'We, the under-written Don Lewis Marquis 'Giafferi, and Don Hyacinth Marquis de Paoli, 'Prime Ministers and Generals of his Majesty King 'Theodore our Sovereign.

'We no sooner received the Letters of our Lord 'and Sovereign Theodore I. King of Corsica, but 'in Obedience to his Orders, we summoned all the 'Inhabitants of the Provinces, Cities, Towns and 'Castles of the Kingdom of Corsica, to the City 'of Corta, there to hold a General Council upon 'the Orders and Commands of his Majesty our So'vereign. There was a General Meeting of the 'People on both Sides the Mountains, who, all 'with Joy and Submission, unanimously renewed 'the Oath of Allegiance and Obedience to their 'lawful Sovereign.

'We have likewise renewed and confirmed our 'Election of the said Lord Theodore I. and his 'Descendants, in the Manner it was unanimously 'and inviolably stipulated in our mutual Convention 'at Alesary.

'For this End we notify to all whom it concerns, 'and even to the whole World, that we will always 'preserve an inviolable Allegiance to the Royal 'Person of Theodore I. that we have resolved to 'live and die under his Authority and never to 'acknowledge any other Sovereign but him and 'his lawful Descendants. We again swear upon 'the Holy Evangelists, to maintain in every Particular, 'the said Oath of Allegiance taken in the Name 'of the People here assembled.

'And to the End, that the present Instrument 'may have all due Force and Authority, we have 'caused it to be register'd in the Chancery of the 'Kingdom, and sign'd it with our own Hand, and 'confirmed it with the Seal of the Kingdom.

Given at Corta *the 27th of Dec.* 1737.

SIGNED,

Don Lewis Marquis de Giafferi,
Hyacinth Marquis de Paoli,
Lucas Marquis of Ornani,
Paul Maria de Paulis,
Theodore Murati,
The Marquis de Matra, Vice Chancellor.

The Magistrates of Emden hearing that they intended to come as far as their Gates, had planted Cannon on their Ramparts to welcome them; and several of the Members of the Regency, and of the chief Burghers, went out also to meet their most Serene Highnesses. The Watermen too who distinguished themselves upon this Occasion, received their Highnesses with their Flags and Streamers flying, and loud Acclamations: But when they arrived at Woltzimen, a Village but a small Distance from Emden, the Crowd was so very much increased, that it would have been scarce penetrable, and their most Serene Highnesses fearing moreover left the Ice should break, resolved to proceed no farther: And after having shew'd their great Satisfaction in the Zeal which the Inhabitants of Emden express'd upon this Occasion, they return'd to Aurich, and upon the News that the Magistrates of Emden received of their going off, they caused the Cannon to be fired from the Ramparts.

Concerning Gleets *and* Seminal Weaknesses *of all Kinds.*

ALL judicious Physicians and Surgeons allow, that nothing is more difficult to cure than Stubborn Gleets and Seminal Weaknesses, whether occasion'd by too severe purging for Venereal Injuries, violent Strains, Pollutio sui, or any other Cause whatever; and that they are dangerous in their Consequences, as well as difficult to cure, is as certain, since they exceedingly weaken the Generative Faculties, infeeble the whole Nervous System, often bring on Hectick Heats, a Tabes Dorsalis, or Consumption of the Back, or an Atrophy or Nervous Consumption, which frequently terminate in Death itself.

All such, therefore, who have the Misfortune to be troubled with Old or Stubborn Gleets, Seminal Effusions, Involuntary Emissions, excessive Nocturnal Pollutions, or any Weakness of the Kidneys, Ureters, or Bladder, the Diabetis, or Incontinency of Urine, or Difficulty of holding their Water, would doubtless be glad to meet with a certain, safe, and speedy Cure, which they most assuredly may, by taking only a small Quantity of a transcendent BALSAMICK RESTRICTIVE ELECTUARY, now published for a general Good, after having for many Years been experienc'd never once to fail perfectly curing the most Stubborn Gleets known, in a few Days, without Difficulty or Trouble; as also all other Weaknesses of the Back, Reins, Seminal Vessels, and Urinary Passages, which it almost instantly cures, bringing to rights and restoring all those Parts and Passages to their natural Tone and pristine Vigour, in a very extraordinary Manner, and by taking a few Doses of it only.

This transcendent BALSAMICK RESTRICTIVE ELECTUARY, is neither disagreeable to take, nor occasions the least Disorder, but is a wonderful Restorative in all Weakness and Decay of Constitution of any Kind, and particularly strengthens the Back, Reins, Seminal and Urinary Vessels to an eminent Degree, insomuch that in any Debility of them, one Dose of it does more than ten of any other Remedy yet found out; and all Persons fatigu'd with Gleets or Seminal Weaknesses of any Sort, or Weaknesses of the Urinary Vessels, who take it, will in three Days time find it so very effectual, that they will be most agreeably surprised at it.

When a Medicine will infallibly accomplish such a safe, speedy and perfect Cure of such difficult Maladies, as Gleets and Seminal Weaknesses are, as this Great Remedy truly and directly will, even after all other Means and Medicines have been tried in vain; too much cannot be said in it, and this, All who ever took it for any of the above-mention'd Purposes, have readily declared.

The Price is but 6 s. a Pot, altho' for its absolute Efficacy, one Pot alone being sufficient in most Cases to accomplish a Cure, worth ten times as much, and by the Author's special Appointment, is to be had only at Mr. Radical's Toy-shop, at the Rose and Crown against St. Clement's Church-Yard in the Strand, ready sealed up, with a Book of Instructions, which whomsoever carefully reads will perfectly know, when the Gleet or Weakness he is afflicted with, succeeds a Venereal Injury, whether all the Malignity of the Foul Disease is entirely eradicated or not.

Note, Ask only for a 6 s. Pot of Balsamick Electuary.

The uncommon Success, above Thirty Years last past, of the so much famed and only true Original

ROYAL CHYMICAL WASH-BALL,

FOR beautifying the Face, Neck and Hands; hath induced many Envious Persons, not only in every Part of London, but in many Places in the Country, to sell a Counterfeit White Ball (which may prove prejudicial, as well as ineffectual) in Imitation of the true ones.

To prevent as much as possible any Mistakes in Prejudice to our Customers, we give this special Notice, That the True Sort are now sold only at Mrs. King's Toyshop, the Blue-coat Boy, against the Cross-Keys Tavern in Cornhill; and at Mrs. Giles's, a Milliner, at the Blue Ball near Hercules Pillars Alley, by the Temple in Fleet-street. Price 1 s. each Ball, or 12 to the Dozen; but no Allowance for less than 12 Balls at a Time, nor will they ever be sold any where else, except Notice be first given in these Advertisements of it.

Their true and real Virtues have been sufficiently attested in all the Years they have been Sold by Publication, and the more so, as they are still more than ever used and admired by both Sexes of the best Quality, and many Thousands of Gentry and others, for making the Skin so delicately soft and smooth, as not to be paralleled by any Wash or Wash-ball, &c. of any Kind or Form; for these Balls are indeed real Beautifiers of the Skin, by taking off all Deformities, as Tetters, Ringworms, Morphew, Sunburn, Scurf, Pimples, Pits, or Redness of the Small-Pox, and keeping it of a lasting and extream Whiteness; they soon alter red or rough Hands; are admirable in shaving the Head, not only giving a most exquisite Sharpness to the Razor, but so comfort the Brain and Nerves, as to prevent catching Cold. They are of a grateful and pleasant Scent, without the least Grain of Mercury, and may be eaten for their Safety.
